

# Low-Cost, Highest Quality Gas Detection Solutions

by **INDUSTRIAL SCIENTIFIC**

**M40**  
MULTI-GAS MONITOR

The **M40** is a versatile multi-gas monitor. Housed in a rugged, impact-resistant case it provides superior performance and durability in harsh environments. The four button interface provides simple, intuitive operation and calibration and the five-second "Off" feature prevents unintentional shut-offs. The M40's compact size and economical price make it the ideal personal monitoring instrument.

- 1 to 4 gas monitoring for O<sub>2</sub>, H<sub>2</sub>S, CO & combustible gases
- 18-hour runtime with lithium-ion battery
- 75 hour datalogging capacity
- Includes vibrating, 90 dB audible, and LED visual alarms
- Two-year, all inclusive warranty
- Compact parasitic sampling pump enables remote sampling from up to 50 feet away

The **M40 Kit** contains all the equipment you need for Confined Space Entry work in a rugged carrying case which is ideal for transportation and storage.

**Included in the kit are:**

- M40 multi-gas monitor (O<sub>2</sub>, H<sub>2</sub>S, CO & LEL)
- Pump
- Compact 240V charger
- Calibration cup
- Tubing
- Utility case
- Belt clip
- Suspender clip
- Regulator
- Water barrier assembly
- Spare filter
- Instruction manual
- Training CD
- Leather carrying case
- 34L calibration gas cylinder

**M•CAL**<sup>™</sup>  
CALIBRATION STATION

- Stand-alone operation. No PC is required.
- Calibration
- Function (bump) testing
- Battery Recharging
- Simple, two-button operation

## ORDERING INFORMATION

Part Number	Description
M40-Kit-11111A	M40 Multi-Gas Monitor Confined Space Entry Gas Detection Kit
18105437-01111	M40 Monitor – LEL, O <sub>2</sub> , CO, H <sub>2</sub> S
18105437-11111	M40/SP40 – LEL, O <sub>2</sub> , CO, H <sub>2</sub> S
18103937	34L Calibration Gas – 100 ppm CO, 25 ppm H <sub>2</sub> S, 19% O <sub>2</sub> , 25% LEL
18105965-103	Single-Unit M•Cal, M40 Bay
18105965-013	Single-Unit M•Cal, M40/SP40 Bay
18105973-AB3*	Six-Unit M•Cal

\*A = # of M40 Bays\* (0-6); B = # of M40/SP40 Bays\* (0-6)NOTE: A+B = 6
