

INTERSPIRO

REVITOX
Rescue Mask

INTERSPIRO REVITOX is an extra mask for quick connection to a **SPIROMATIC HPBA**. Immediate assistance and fresh air can be given to a casualty in a toxic atmosphere. In addition **REVITOX** has an unique feature - artificial respiration can be given, at once, without first removing the casualty from the scene.

ARTIFICIAL RESPIRATION

The artificial respiration can be continued while the casualty is carried out from the hazardous area even if, for instance, he is carried on a fireman's shoulders. When the casualty starts to breathe again, **REVITOX** works as an ordinary **SPIROMATIC** mask with breathing valve.

AUTOMATIC POSITIVE PRESSURE

REVITOX has automatic positive pressure, which eliminates inleakage. This is important, as there may be no time to fit the mask properly.

SAFE FOR THE LUNGS

REVITOX is designed to limit the overpressure in the lungs to 200 mm water column. This eliminates the risk of damage to the lungs, and the casualty can even breathe easily against the flow.

- Cover	336 190 017
- Breathing valve	336 190 025
- Supply hose 2,5 metre with quick coupling CEJN/EURO	336 190 794

USED AS EXTRA MASK

REVITOX can be used as an ordinary extra mask, for instance when helping people through gas- or smokefilled rooms, and by guides to rescue personnel.

COMPONENTS

REVITOX complete consists of:

- * **SPIROMATIC** face mask with positive pressure which is automatically switched on by the first inhalation. The mask has extremely low breathing resistance which makes it ideal also for the unaccustomed wearer. The wide angle visor protects the eyes.
- * **REVITOX** breathing valve with equipment for artificial respiration.
- * Cover which seals the opening in the breathing valve where filteradapter, speechdiaphragm or radio interface can be connected.
- * Breathing hose, 2,5 metres, with quick coupling for connection to a **SPIROMATIC HPBA**.

ACCESSORIES:

- Filter adapter	336 190 116
- Air guide disc for filter adapter	336 190 750
- Free flow attachment	336 890 009
- Q-mask (alternative to full face mask)	336 190 268
