

M-40 SCSR- SELF-CONTAINED SELF-RESCUER

TECHNICAL DATA SHEET

DESCRIPTION

The Ocenco M-40 is a belt worn or stored, compressed-oxygen, Self-Contained Self-Rescuer (SCSR). The M-40 instantly provides breathable air, independent of the surrounding atmosphere, to a person escaping from any area of toxic gas or oxygen deficiency. The starting of the oxygen flow, the increased flow rate during high work rates, and the occasional venting of gas through the relief valve, all occur automatically.

M-40 PHYSICAL CHARACTERISTICS AND PERFORMANCE DATA

Duration	30 minutes – IAW EN 13794 60 minutes – user at rest
Donning time	less than 10 seconds
Weight	3.5 lbs (1.6 kg)
Dimensions	17 x 17 x 7.6 cm (6.8 x 6.8 x 3 in)
Breathing Bag Volume	6 liters
Storage temperature range	-20° C to 65° C (-4°F to 149°F)
Service life	15 Years
Oxygen delivery system	Automatic on, compressed oxygen, demand regulated
Inspection	Annual visual for stored units
